

FULL MOON BEACH BBQ

A Communion with the Elements

The silky sand, romantically lit by the moon, the stars, the bamboo torches, and nothing else. The Tugu Lombok's private beach BBQ is where one becomes one with nature, and no one else but your loved one. Combined with the passionate waves in front of you, it will create an unforgettable moment. The BBQ features a selection of fresh catches of the ocean – fishes, king prawns and squids bought from the local fishermen of Sire, when they came back from their night trips in the Indian Ocean. Simply grilled, they are served with sambal matah (famous Balinese shallot dressing), Sambal Terasi (Javanese chili & shrimp Sauce), Sambal Kecap (shallot & sweet soy sauce), lemon butter sauce and many more that bring all the flavour of the seafood to your plate. A most beautiful setting, where you can have the while beach to yourselves, only with your butler and your chef standing by.
